## Chairman's Letter

**Dear Stakeholder:**

*Leonard Miller*

As of July 2011, the unemployment rate is hovering above 9% and economic growth (GDP) remains below 2%, at an anemic rate, the worst economic conditions since the Great Depression. Yet amidst these difficult economic times, there remains optimism.

As all of us look for short-term solutions to our current economic downturn, Junior Achievement is forging ahead on the long-term solutions to economic prosperity, educating our youth on the virtues of the free enterprise system and instilling in them a solid foundation of financial literacy skills.

Evaluations show time and again JA provides those who volunteer or financially support JA a Return On Investment (ROI) through a more educated and informed populace who understand how to prosper in our economic system.

Junior Achievement partners with more than 200 schools providing programs focused on entrepreneurship, financial literacy and workforce readiness. Junior Achievement collaborates with other statewide organizations to leverage limited resources. Collaborations with groups such as the Colorado Council of Economic Education, the Colorado Jump\$tart Coalition, the Colorado Department of Education, the Federal Reserve Bank – Denver Branch and our sister organization in Denver, Junior Achievement of the Rocky Mountains, help spread the message to all communities throughout the state that Junior Achievement provides a rich curriculum that reinforces the Colorado mandate for financial literacy throughout the K-12 curriculum.

What makes Junior Achievement so unique is that all 19 JA K-12 educational programs are taught by local business and community volunteers. These mentors bring relevancy and a current business perspective to the classroom. Successful business people sharing their knowledge is at the core of our programs. Today JA reaches over 15,000 youth in El Paso County and another 10,000 students throughout Southern Colorado.

As you read through the 2011 Junior Achievement of Southern Colorado, Inc. Annual Report, we ask that you take a minute to ask yourself whether or not you are doing all you can to make sure today's young people understand and value our American Free Enterprise System. Junior Achievement of Southern Colorado, Inc. has in place a network that delivers economic knowledge to 40 counties throughout the state. We invite you to join our network.

Sincerely,

Leonard Miller  
Chairman of the Board  
Junior Achievement of Southern Colorado, Inc.

# Programs

## Elementary

Students in kindergarten through fifth grade are introduced to basic personal economic issues, and the role of families and social responsibility in the local economy. They examine planning decisions in a city, economic resources within states and regions, and how businesses need workers who can meet the demands of the job market. The After-School Program teaches personal financial and business skills through innovative and fun activities. The JA curriculum is designed to tie closely with state standards.

## Middle School

Already focusing on the importance of school and career, programs in sixth, seventh and eighth grade encompass business values and decisions while reinforcing the concepts of entrepreneurship and international trade.

## High School

As students' interests and needs mature, the classroom focus turns to how economics relate to their lives. They learn basic financial planning, workplace ethics and skills such as budgeting and investing. And through a sophisticated online simulation, many get first-hand experience in running a virtual business. JA volunteers provide positive adult role models and lead students toward workforce readiness.

# CASTLE PINES GOLF CLUB

## Castle Pines Junior Achievement Invitational

Blue skies provided a picture-perfect setting for the 2011 Castle Pines - Junior Achievement Invitational played on May 26 and 27. Golfers were treated to two days of world-class golf at the PGA-level course, luxurious overnight accommodations at the Castle Pines Cottages, meals prepared by the Castle Pines chef, and priceless camaraderie.

The Tournament agenda included a two man, best-ball, Stableford Modified International scoring system. Special thanks to our 2011 hosts, James B. Hayes, Dr. Marc Van Ness, and Austin Tilghman, for inviting us to play at Castle Pines, and to Randy Reynolds for serving as the event chair. 2011 marked the 9th year of the Castle Pines - Junior Achievement Invitational.

Congratulations to the 2011 Castle Pines - Junior Achievement Invitational Champions: the team of Mike Mossman and Marc Van Ness.
